

BEHAVIOR STYLE PROFILER™

This performance assessment tool is designed to help a participants gain a better understanding of how their behavior impacts the actions of others in a team setting.

The report provides valuable insights into the interpersonal dynamics of influence and collaboration.

The Application of the assessment at Jr to Mid level managers creates high impact.

It can also be used at senior levels along with other tools to provide a more holistic insight needed at that level.

Upon completion of the survey and careful review of the report, participants will be able to:

Understand his
interpersonal style and
its impact on others

Recognize the style
differences of others

Learn techniques to
better meet the
relationship,
collaboration and
leadership
expectations of others.

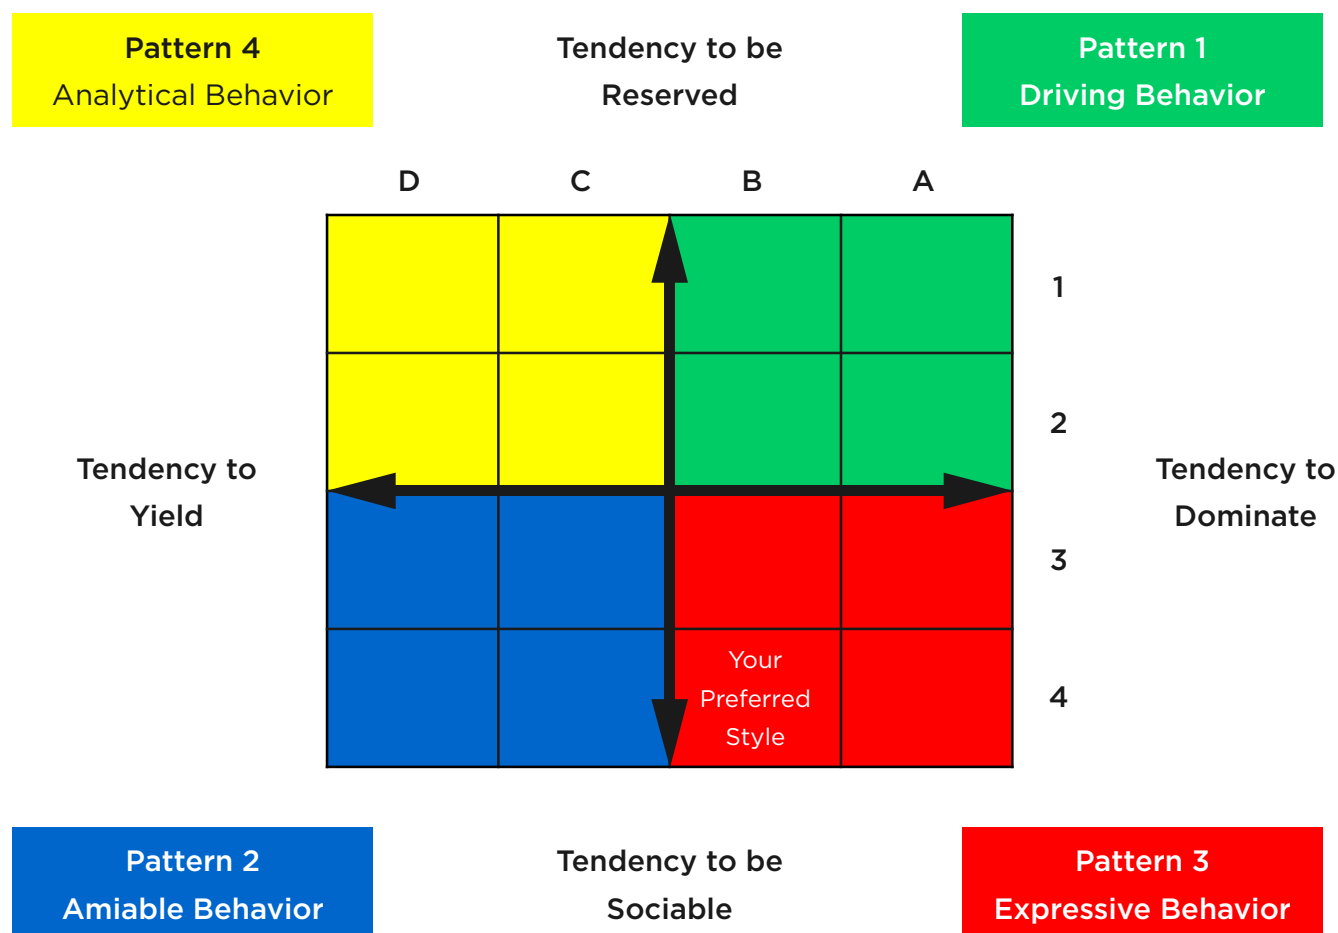

Additional inputs provided by this assessment:

Forming partnerships and gaining commitments

Preferred learning environment

Decision Making

The Behavior Style Profiler™ is based on research with over 100,000 participants in the USA, Europe, and Asia. The profile narrative report represents over 30 years of research.
